

PRESS RELEASE FOR IMMEDIATE RELEASE

October 8, 2020

GLOBAL ADVISORY, STARTUP LABS, and VENTURE CAPITALISTS OF DISRUPTIVE, IMPACTFUL TECHNOLOGIES, YUNITY, JOINS FORCES WITH THE UNITED ARAB EMIRATES, UAE ACADEMY, TO FUND THE GLOBAL TECHNOLOGY ECONOMY.

Seattle, U.S.A | Abu Dhabi, U.A.E. – Seattle headquartered, *Yunity* and Abu Dhabi-based, *UAE Academy*, today announced a partnership to advance regional and global digital transformation and technological innovation.

Launching a joint partnership leveraging combined strengths for advisory, incubation and funding of startup companies, Yunity Co-Founder, Ani Chahal Honan, explains its purpose:

“The decade ahead presents immense opportunity. It’s an exciting time in our world, where technologies such as AI, Blockchain, AR/VR/XR, Cyber-security and Robotics are completely reshaping our world and economies. We focus on supporting and developing leaders that leverage these “exponential technologies”, to create innovative, impactful companies globally. We are very excited to build the future together with the UAE Academy’s leadership.”

Abu Dhabi Chamber, the parent organization of the UAE Academy, is the chief sponsor of this “new frontier” initiative.

His Excellency, Mohamed Helal Al Mheiri, the Director General of the Abu Dhabi Chamber, shares:

“This is a visionary partnership. The synergies between UAE Academy and Yunity are transformative and game changing. We are proud to be furthering regional and global digital transformation through this initiative, by supporting its innovators. “We celebrate this partnership as we explore the new frontier of technologies on a global scale.”

About the UAE Academy

Established in Abu Dhabi in 2006, The UAE Academy is the national leader in private and public sectors of work-force development and potential. It specializes in training and education innovation and futurism. UAE Academy provides the skills and expertise vital to reimagining the 21st century workspace.
